SKILLS

- HTML & CSS & JS
- Bootstrap 5
- Sass
- ReactJS
- NextJS
- ThreeJS
- API

LANGUAGES

- English (Intermediate)

EDUCATION

High School Diploma

2018-2022

Srednja tehnička škola "Ivan Sarić"

- Completed a comprehensive 4-year curriculum with a strong emphasis on computer science and programming.
- Developed foundational skills in HTML, CSS, and JavaScript, laying the groundwork for pursuing a career as a front-end developer.
- Received recognition for achievements in computer science or related fields, showcasing dedication and aptitude in the subject.

WORK EXPERIENCE

Restorani Subotica

DEC-2023 JAN-2024

<https://restorani-subotica.vercel.app/>

- Developed a web application for restaurant owners in Subotica to showcase their establishments, menus, and contact information to potential customers. Implemented a mobile-friendly feature allowing users to place orders directly via phone call.

Windows Portfolio

JAN-2024 FEB-2024

<https://windows-portfolio-v2.vercel.app/>

- Developed a portfolio website resembling the Windows 10 interface, featuring a Start Menu, taskbar, and notification bar. The website includes various apps, some of which showcase my projects and resume.

AMedia

FEB-2024 MAR-2024

<https://amedia-five.vercel.app/>

- Created a dynamic landing page for Amedia, a company specializing in website development, web design, and graphic design services. The landing page showcases the company's offerings and includes a contact form for inquiries.

ECommerce Admin Page

FEB-2024 MAR-2024

<https://github.com/CojaDev/ecomAdmin>

- Developed a comprehensive admin page for an e-commerce platform, equipped with essential features for managing products, categories, orders, store information, and user access.
